BIOGRAPHY

After over 20 years as a Federal District Court Judge and an Appellate Judge in the Federal Court of Appeals for the Second Circuit (sitting in Rio de Janeiro), Judge Roriz joined Licks Attorneys as a partner in 2013 after her retirement. Before becoming a Federal Judge, Hon. Roriz was also a Federal Attorney for the Brazilian Patent and Trademark Office. During her time as an Appellate Judge, Hon. Roriz chaired the Federal Magistracy School (EMARF) and the IP Specialized Second Panel of Appellate Judges, presiding the hearing of historic leading cases in Brazilian IP law, such as second medical use and pipeline patents, the role of the Brazilian FDA during the prior approval proceeding for pharmaceutical patents, trade dress, trademark dilution, and the applicability of the TRIPS agreement, as well as several high-complexity IP trials, related to a number of technology areas.

Judge Roriz has also taught in some of the most renowned educational institutes in Brazil, such as the Getulio Vargas Foundation and the Candido Mendes University. She is not only an accomplished speaker, lecturing in Brazil, the United States, Europe and several other Latin American countries, but also a recognized, published author in numerous areas of expertise. Judge Roriz is respected and viewed amongst her peers as one of the most knowledgeable Judges to have taken part in the IP Specialized Panels, and her experience makes her an invaluable asset in litigation and consulting.

REPRESENTATIVE CASES

- Hon. Roriz was responsible for the first of several injunctions obtained by Licks Attorneys on behalf of Uber since the company became our client. Brazil is among the countries where Uber has faced the strongest opposition from local authorities and taxi groups.
- After her constitutional period was over, Hon. Roriz achieved partial rejection of a restraining order against a Brazilian oil & gas company, requesting the BRPTO to provide a final answer upon the company's request for a full copy of a patent registration procedure. This was her first case before the 2nd Region.

(CONT'D)
